## **Section I: General Considerations and Planning Guidelines**

### **A. Purpose**

The Storefront Academy Charter Schools District-wide School Safety Plans are developed pursuant to the commissioner's Regulation 155.17. A School Safety Team was created and charged with developing and maintaining a School District-wide School Safety Plan.

### **B. School Safety Team**

The Storefront Academy Charter School has a School Safety Team that addresses all safety, emergency response, and post-incident response planning and execution activities. The School Safety Team is comprised of, but not limited to, representatives from different departments of school personnel.

### **C. Concept Of Operations**

As charter schools are also school districts in and of themselves, the Storefront Academy Charter School District-wide Safety Plan and Building-level Emergency Response Plan are one in the same document. The plans are developed by the School Safety Team, following District-wide Safety Plan guidelines distributed by NYSED, and in consultation with the NYC Charter School Office and Department of Education Charter school office. In the event of an emergency or violent incident, the initial response to all emergencies at the School will be by the School Emergency Response Team. As necessary, the Storefront Academy Charter School Board of Directors and/or local emergency officials will also be notified. Existing county and state resources will be called upon for assistance as possible/required through existing protocols

### **D. Plan Review and Public Comment**

We will include representatives of all key school constituents and interested parties in the development and review of this plan. The Board will formally adopt the final plan. This plan will be reviewed periodically during the year and will be maintained by the School Safety (Emergency Response) Team.

### **E. Strategies for Improving Communications**

Every morning, teachers begin the day with morning meetings, during which students are allowed to express their thoughts and concerns and share “their mood meters.” Teachers are trained to establish a positive school and classroom culture, to reward students when they show thoughtfulness and respect, and to address even minor incidents of disrespect. Teachers and Principals must supervise bullying “hot spots” (lunch, recess, bathrooms) and create ways to report potentially violent incidents safely. Storefront Academy encourages students and parents to immediately report potentially violent incidents, bullying, or harassment to teachers, leaders, or any other adult.

## **Section II: Risk reduction/ Intervention Strategies**

### **A. Prevention/Intervention Strategies**

#### **Bullying Prevention**

Storefront Academy Academy believes that all scholars have a right to a safe and healthy school environment. We must promote scholarly habits, including mutual respect, tolerance, and acceptance.

Experiences during the early school years lay the foundation for ongoing peer relationships. Storefront Academy implements the Social Emotional Learning (SEL) social emotional curriculum school wide. This comprehensive, researched program includes a bullying prevention unit that engages scholars starting in kindergarten. The SEL includes training and resources for school staff, classroom lessons, games, and activities.

Storefront Academy will not tolerate behavior that infringes on the safety of any scholar. A scholar shall not intimidate, harass, or bully another scholar through words or actions. Such conduct includes direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; and social isolation or manipulation.

Storefront Academy expects scholars and/or staff to immediately report bullying incidents to the principal or designee. Staff who witness such acts take immediate steps to intervene when safe to do so. Each complaint of bullying should be promptly investigated. This policy applies

to scholars on school grounds, while traveling to and from school or a school-sponsored activity, during the lunch period, whether on or off school premises, and during a school-sponsored activity.

Teachers should discuss this policy with their scholar's age-appropriate ways and assure them they need not endure any form of bullying. Scholars who bully violate this policy and are subject to disciplinary action up to and including expulsion.

**The Scholar Code of Conduct includes, but is not limited to:**

- Any scholar who engages in bullying may be subject to disciplinary action up to and including expulsion.
- Scholars are expected to immediately report incidents of bullying to the principal or designee
- Scholars can rely on staff to promptly investigate each complaint of bullying thoroughly and confidentially.
- If the complainant scholar or the scholar's parent feels that an appropriate resolution of the investigation or complaint has not been reached, the scholar or the scholar's parent should contact the principal or the Dean of Students. The school system prohibits retaliatory behavior against any complainant or participant in the complaint process.

**The procedures for intervening in bullying behavior include, but are not limited, to the following:**

- All staff, scholars, and their parents will receive a summary of this policy prohibiting intimidation and bullying: at the beginning of the school year, as part of the student handbook and/or information packet, as part of new student orientation, and as part of the school system's notification to parents.
- The school will make reasonable efforts to keep a report of bullying confidential and the investigation results. Staff who witness acts of bullying shall take immediate steps to intervene when safe to do so. People witnessing or experiencing bullying are strongly encouraged to report the incident; such reporting will not reflect on the target or witnesses in any way.

**Conflict Resolution**

Part of a healthy environment is the freedom to disagree openly. With this freedom comes the responsibility to discuss and resolve disagreements with respect for the rights and opinions of others.

Storefront Academy will incorporate conflict resolution education and problem solving techniques into the curriculum and school wide programs. This is crucial in promoting respect and acceptance, developing new ways of communicating, understanding, and accepting differing values and cultures within the school community, and helping ensure a safe and healthy learning environment.

Storefront Academy will provide training to develop student's knowledge, attitudes, and skills to choose alternatives to self-destructive, violent behavior and dissolve interpersonal and intergroup conflict. Scholars have expectations to follow while on school grounds when traveling to and from school or a school-sponsored activity, and during lunch period, whether on or off school premises.

**The Scholars Code of Conduct includes, but is not limited to, the following:**

- Scholars are to resolve their disputes without resorting to violence.
- Scholars are encouraged to help fellow students resolve problems peaceably.
- Scholars can rely on staff trained in conflict resolution and peer mediation strategies to intervene in any dispute likely to result in violence.
- Scholars needing help in resolving a disagreement or scholars observing conflict may contact a teacher, counselor or other school staff member.
- Students involved in a dispute will be referred to a conflict resolution session with a trained counselor. Other staff will keep the discussions confidential.
- Conflict resolution procedures shall not supplant the authority of staff to act to prevent violence, ensure school safety, maintain order, and discipline students.

**Training, Drills and Exercises**

- Plans are produced for the following situations:
  - Fire drill
  - Soft and Hard Lockdowns
  - Intruder alerts
  - Rapid Dismissals

- The school will review details of its Safety Plans with all faculty and staff prior to the first day of school annually, ensuring all are clear on all roles and responsibilities as well as logistics. Staff will sign off on having reviewed and understood School Safety Plans.
